

New Leaders Online Conference 2021

I wanted to reach out to you to highlight an amazing opportunity AusIMM has developed to support students to kickstart their careers in mining- offering free registration to our upcoming mining student conference.

Our New Leaders online conference provides access to engaging presentations and discussions on topics and issues impacting young engineering professionals based on the thought-provoking theme, 'Champions of Change'.

Topics explored during the conference include leadership growth and development, diversity and inclusion, social and environmental impacts, safety leadership and mental health, and technology and innovation. Students will be able to join delegates from around the world to hear from leading global experts, participate in robust discussions, see the latest mining innovations, and meet with speakers and peers at networking events.

Thanks to the generosity of our AusIMM members, we now have over 100 funded places available and have developed an Expressions of Interest form which can be completed by students wishing to attend.

If you know any students in your network who would benefit from attending the New Leaders Conference 2021, please share this link with them to express their interest. I have also attached a flyer to share with your students.

Successful applicants will receive:

- Online registration to attend the New Leaders Conference 2021 from 28-29 September 2021 and
- AusIMM student membership for the entirety of their undergraduate university studies

We only have limited places available, so we encourage students to apply as soon as possible to guarantee a spot!

We would also share your universities involvement during the conference.

NEW LEADERS CONFERENCE 2021

ONLINE | 29 SEPTEMBER 2021

Are you a student on a gross salary of less than A\$40,000 per annum in 2021?

Thanks to the generosity of AusIMM Fellows, we are able to offer free registrations to the New Leaders Conference along with AusIMM Student membership to students who meet the criteria.

Simply scan the code below to complete an Expressions of Interest Form.
