Dear Colleagues,

On behalf of the organizing committee, we are pleased to announce that the **9th International Conference on Engineering and Natural Sciences (ICENS 2023)** will be held from **May 17 to 21, 2023 in Sarajevo, Bosnia and Herzegovina**. The conference will be organized in **HYBRID way, which will allow for both physical and online participation of the attendees**. ICENS provides an ideal academic platform for researchers to present the latest research findings and describe emerging technologies, and directions in Engineering and Natural Sciences issues. The conference seeks to contribute to presenting novel research results in all aspects of Engineering and Natural Sciences.

The conference aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results about all aspects of Engineering and Natural Sciences. It also provides the premier interdisciplinary forum for scientists, engineers, and practitioners to present their latest research results, ideas, developments, and applications in all areas of Engineering and Natural Sciences. The conference

will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world.

The scientific program will focus on current advances in the research, production and use of Engineering and Natural Sciences with particular focus on their role in maintaining academic level in Engineering and Applied Sciences and elevating the science level.

The conference's goal will to provide a scientific forum for all international prestige scholars around the world and enable the interactive exchange of state-of-the-art knowledge. The conference will focus on evidence-based benefits proven in clinical trials and scientific experiments.

Please note that, abstracts and full-texts sent to the conference will be published in book of abstracts and book of proceedings (**Proceedings of International Conference on Engineering and Natural Science is indexed by EBSCO Publishing, Ipswich, MA, USA**). Selected manuscripts will be published in European Journal of Engineering and Natural Sciences(**EJENS**) which is also indexed by EBSCO Publishing, Ipswich, MA, USA.

Best regards,

Conference Chairman
