WELCOME TO TUZLA

WELCOME NOTE

*Dear international students,
On behalf of the University of Tuzla, I would like to give you a warm welcome to our academic community. University of Tuzla is delighted to have the opportunity to assist you with all the issues that you might have.*

Tuzla is a wonderful university town with its rich culture history and we hope that in addition to the studying at our university you will have opportunity to meet people of Tuzla. We hope that you are already off to a great start and wish you a pleasant stay here in Tuzla

Professor Nermina Hadžigrahić
Rector

WELCOME TO TUZLA

About Tuzla

Tuzla is the third-largest city of Bosnia and Herzegovina and the administrative center of Tuzla Canton.

As a town whose date goes back to the year 950, the times of Byzantine Emperor, covers 303 km² area and is settled underneath the Majeвица mountain that's placed in the central part of North-Eastern Bosnia.

Coat of arms of
Tuzla town

Coat of arms of
Tuzla Canton

Tuzla is the economic, cultural, educational, health and tourist centre of northeast Bosnia. It is an educational center and is home to two universities. It is also the main industrial machine and one of the leading economic strongholds of the country with a wide and varied industrial sector including an expanding service sector thanks to its salt lake tourism.

In Bosnia and Herzegovina, Tuzla is also regarded as one of the most multicultural cities in the country and has managed to keep the pluralist character of the city throughout the Bosnian War and after, with Bosniaks, Serbs, Croats and a small minority of Bosnian Jews residing in Tuzla.

History

Besides the fact that Tuzla has always been closely tied to its salt resources and is known as one of the most sustainable industrial regions, it is considered to be the third largest city of Bosnia and Herzegovina with continuity of living in this area. Tuzla itself has an interesting geological history. It is known as "the city of the grain" which is left from the Pannonian Sea and retreated from more than ten million years ago. Its name has been related by numerous travelers, writers and historians to salt, starting from the Greeks by the name Castron de Salenes and Salenes, Ad Solinas (Latin), Soli (South Slavic) all the way to Tuz, which is Turkish and means saline.

Since the importance of salt and its natural resources was the main goal and particular focus of Tuzla, in 1885 was built the first Salt Factory and therefore marked the beginning of the industrial salt production in Tuzla.

2

UNIVERSITY OF TUZLA

UNIVERSITY OF TUZLA

About University of Tuzla

The first higher education institution in Tuzla was founded in 1958, when, at the request of the mines of Bosnia and Herzegovina, the Higher Mining and Technical School was founded. The first generation enrolled 158 students. The Higher School of Mining grew into the Faculty of Mining in 1960. In the same year, the Higher Pedagogical School began its work, enrolling 71 full-time and 236 part-time students in the first generation. The Pedagogical Academy was established in 1970 as an outgrowth of the Higher Pedagogical School.

Students of the Faculty of Technology in 1959

Students of the Faculty of Technology in 1959

The Faculty of Electrical Engineering in Tuzla began its work in 1976. The founding of the Faculty of Medicine in Tuzla and the Faculty of Economics in Brčko, in 1976, represented a crossroad from which the field of multidisciplinary was entered, gradually moving away from a predominantly technical profile.

The first lecture at the Faculty of Medicine in 1976

Ismet Mujezinović

The establishment of new faculties created the prerequisites for the establishment of the University. By the decision of the Tuzla Municipality Assembly from April 15, 1975, the Initiative Committee for the establishment of the University was appointed with 104 members and the president, academician Ismet Mujezinović. The agreement on joining the University was signed on November 18, 1976 in Sarajevo, and the opening ceremony was held on December 18 in Tuzla.

Everything that has been achieved so far has brought us closer to the model of a well-organized European university, which is capable of sustaining itself in any transformation of higher education in Bosnia and Herzegovina due to its quality. Today, the University of Tuzla is an institution without which it would be impossible to imagine not only the city of Tuzla, but also the entire region.

A modernly equipped classroom in the 70s

Student in the laboratory in 1976

UNIVERSITY OF TUZLA

Grading system at The University of Tuzla

No.	Grade	Descriptive	Letter	Score
1	5 (five)	not satisfactory/fall	F	0-53
2	6 (six)	satisfactory	E	54-63
3	7 (seven)	good	D	64-73
4	8 (eight)	very good	C	74-83
5	9 (nine)	excellent	B	84-93
6	10 (ten)	outstanding	A	94-100

At the University of Tuzla, the academic year is divided into two semesters. The grading system includes a scale from 5 to 10, as shown above. This grading system is used at all universities in Bosnia and Herzegovina and it is used for exchange students as well.

Study programs

Generally lectures are given in the Bos/Croat/Serb language, except for Foreign Languages Departments (English, German and Turkish, where the language of instruction is English, German and Turkish, respectively). However for exchange students it is possible to organize classes in English regarding their work, research, exams, paper work, etc.

The University of Tuzla organizes and carries out the teaching-scientific process at 12 faculties and one academy:

1. Academy of Dramatic Arts
2. Faculty of Education and Rehabilitation
3. Faculty of Economics
4. Faculty of Electrical Engineering
5. Faculty of Physical Education and Sports
6. Faculty of Pharmacy
7. Faculty of Philosophy
9. Faculty of Medicine
10. Faculty of Law
11. Faculty of Science and Mathematics
12. Faculty of Mining, Geology and Civil Engineering
13. Faculty of Technology

3

APPLICATION PROCEDURE

APPLICATION PROCEDURE

IF YOU ARE APPLYING FOR EXCHANGE

- Inter-institutional agreement between your University and the University of Tuzla must exist
- Nomination letter from your home University, indicating your nomination

DOCUMENTS TO BE SUBMITTED

- Preliminary Learning Agreement (approved by your home University)
- Transcript of Records
- Student Scholarship Agreement
- Language Certificate (English, Bosnian/Croatian/Serbian, German, Turkish), depending on the program you are applying for
- CV

BEFORE YOU ARRIVE

Contact the International Relations Office, You are nominated! Congrats! Please contact the International Relations Office of the University of Tuzla. Your application will be forwarded to the corresponding Faculty. You receive a confirmation email/Letter of Acceptance and all information about documentation (in case you need to send additional documents or make any changes) deadlines for arrival, accommodation information, documentation for residence permit, etc.

DOCUMENTS

It is important to bring all documents signed and stamped by your home University. Make sure to bring 3 copies of signed documents to be signed by our University. Changes can only be made after your arrival upon a request of the student. Please note that all changes need to be approved by your home University and by the Dean of the corresponding Faculty at the University of Tuzla.

RESIDENCE PERMIT

Students who will stay longer than 90 days will need to apply for a residence permit. This document is issued by the Service for Foreigners' Affairs.

Documents to be submitted:

- Request for approval/renewal of Temporary Resident Permit
- Certificate of enrolment at the University of Tuzla
- Scholarship contract
- Two photos, size 35x 45 mm
- Two verified copies of your passport (the page with personal data and the page with the stamp of entry in Bosnia and Herzegovina)
- Residence permit confirmation/ White Card
- Evidence confirming your good financial standing
- Proof of secured accommodation
- Valid health insurance
- Medical Report done in Tuzla Canton (upon arrival)
- Evidence of no criminal records
- Administrative fee (app. 150 KM)

APPLICATION PROCEDURE

ARRIVAL

Upon arrival in to Bosnia and Herzegovina, you are required to register your residence within 48 hours from the moment of entry in B&H in a field office of the Service for Foreigners' Affairs. First, you need to regulate your Certificate of permit registration White Card. At this moment you need to submit: verified copies of your passport, a proof of secured accommodation (contract and a copy of the landlord's ID card) You will have 15 days to collect all other documents, fill out the request for approval/renewal of Temporary Resident Permit. Make sure that the document is printed on both sides, and don't forget to sign the request. The request needs to be filled out in Bosnian/Croatian/Serbian Language. You can contact the Office for International Relations or the Erasmus Student Network for any assistance you might need.

MEDICAL CHECK

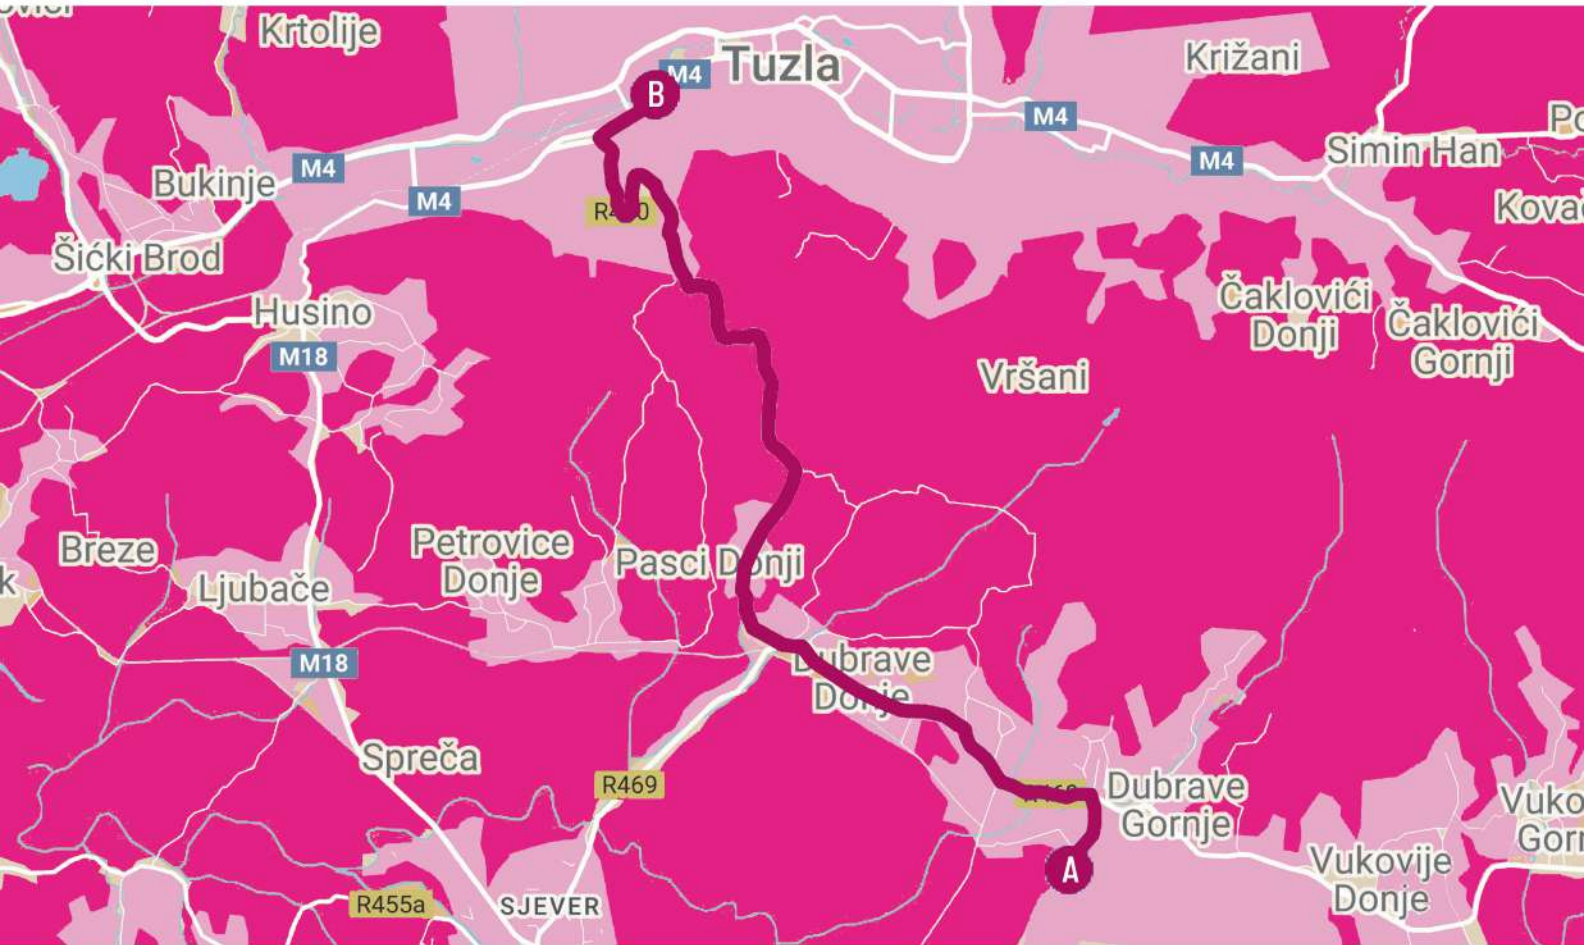

This needs to be done in Tuzla at Dom Zdravlja (Health Center). We recommend you to go in groups with one student that speaks Bosnian/Croatian/Serbian Language. This will cost you about 60 Euros (120 KM). The Certificate of Enrolment will be issued by the International Relations Office. The Scholarship contract has to be translated by an official Court Interpreter. The Health Insurance has to be valid in Bosnia and Herzegovina and translated in Bosnian/Croatian/Serbian Language by an official Court Interpreter. Please check at the Service for Foreigners' Affairs if your Health Insurance is valid in Bosnia and Herzegovina. The Evidence of no criminal records has to be translated by an official Court Interpreter as well.

HOW TO GET TO TUZLA

HOW TO GET TO TUZLA

FROM TUZLA AIRPORT

A

TUZLA INTERNATIONAL AIRPORT

Gornje Dubrave b.b., 75270 Živinice

+387 (0) 35 302 400

info@tuzla-airport.ba

www.tuzla-airport.ba

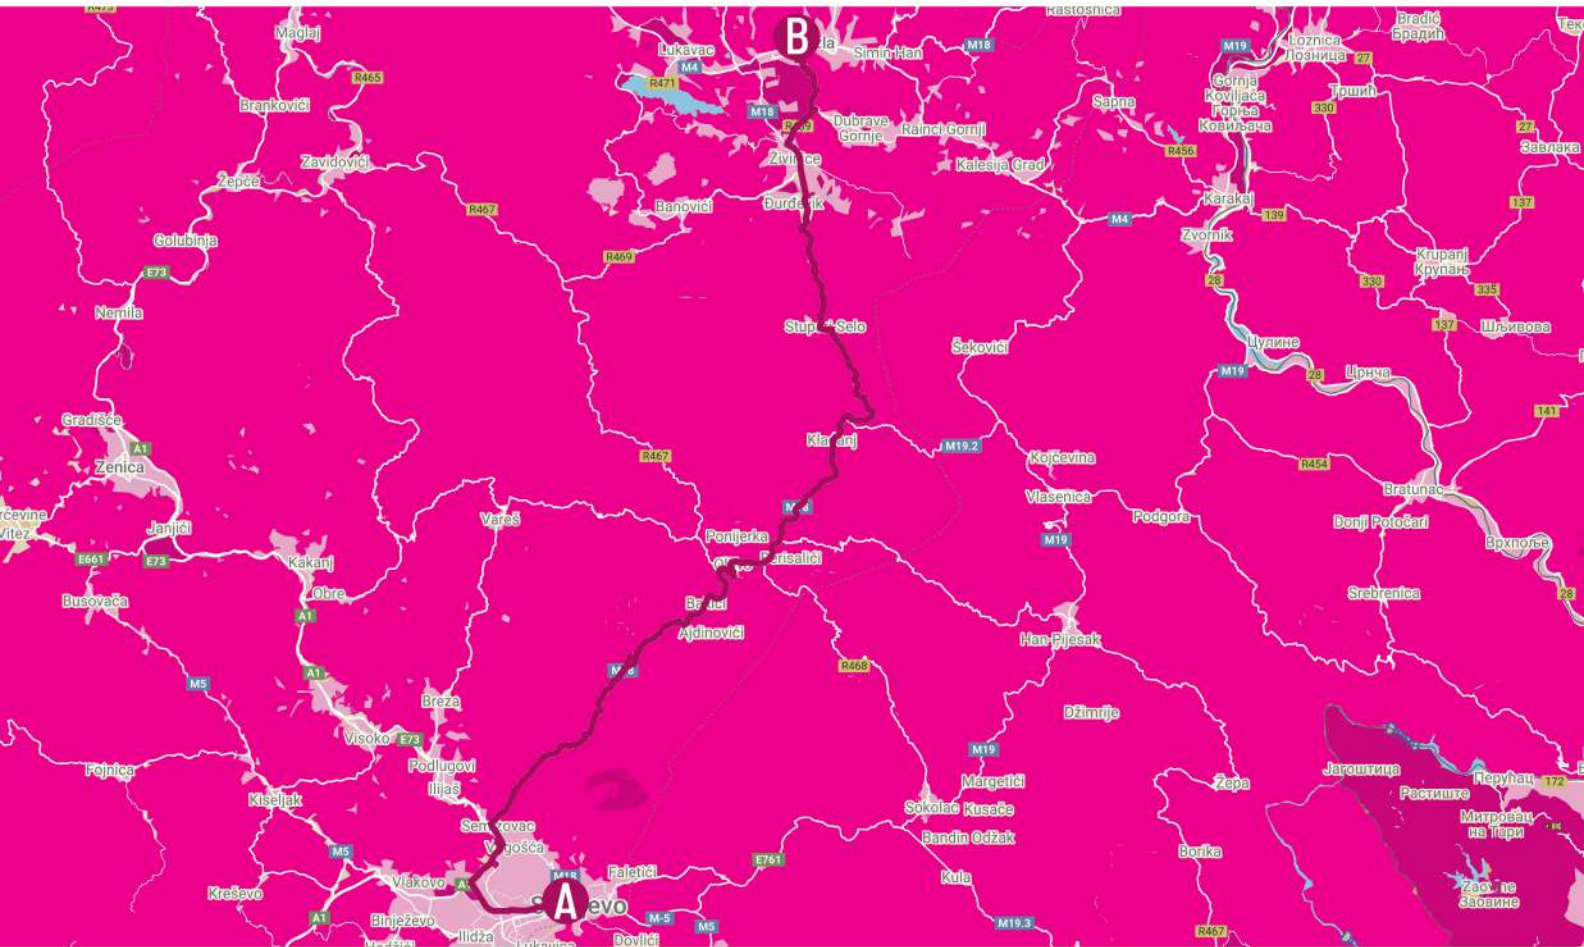

Monday-Sunday 08:00-22:00

Tuzla Airport is a small airport near the village of Gornje Dubrave, to the south of the city of Tuzla. By car you can reach the airport via the M18, M4 or R470. There is no direct bus service available between the airport and the city of Tuzla (You need to go to the nearest bus station). Also you can get a taxi or rent a car. If you decide to travel by bus, follow the sign Tuzla on the bus and you will arrive at the main bus station or one of the city stations.

ACCOMMODATION INFORMATION

ACCOMMODATION INFORMATION

STUDENT DORM PAVILION I

 7 Muhamed Hevajja Uskufija Street,, 75 000 Tuzla

 +387 (0) 35 239 179

 www.sc.untz.ba

It was built in 1961 with an initial capacity of approximately 279 beds. At that time, a modern student cafeteria with a capacity of 2000 meals per day was also constructed within Pavilion I.

The accommodation capacity of this dormitory was reduced when a part of its rooms was refurbished and made available to the Faculty of Law upon its establishment in Tuzla.

Today, Pavilion I offers accommodation for 236 students. The rooms are well-furnished, equipped with necessary furniture. Students have unlimited Wi-Fi access.

Bathrooms are shared but separate for female and male students. Within the pavilion, there is a central laundry room for students to wash, dry, and iron their bedding, as well as offices for staff and student organizations such as the University of Tuzla Student Association "SPUT" and the "STUDENJAK" student association.

Pavilion I also hosts a central student cafeteria, where students from all three Pavilions are served. Lunch and dinner are provided to students based on subsidies from the cantons they come from and their monthly payments. Each student is entitled to 30 lunches and 20 dinners per month.

Pavilion I is equipped with classrooms where students can study and prepare for classes and exams at the university

ACCOMMODATION INFORMATION

STUDENT DORM PAVILION II

 Rudarska Street, 75 000 Tuzla

 +387 (0) 35 252 208

 www.sc.untz.ba

This dormitory has a capacity of 119 beds and is exclusively for female students. The rooms are single, double, and triple occupancy. It includes a TV lounge and a classroom. Like the other two dorms, students have free internet access, and there are shared bathrooms on each floor. Additionally, there are kitchenettes equipped with electric stoves, refrigerators, and sinks on each floor. Hot water is available around the clock, both in summer and winter, without interruptions. The dorm is also heated centrally during the winter.

STUDENT DORM PAVILION III

 Bosne Srebrene Street, 75 000 Tuzla

 +387 (0) 35 252 208

 www.sc.untz.ba

This dormitory has a capacity of 180 beds and offers modern amenities. Each room has its own bathroom and toilet. Rooms are double and triple occupancy, and on the third floor, each room has its own balcony. The dormitory also provides a recently renovated classroom and plans to acquire modern fitness equipment for a fitness room.

Students have unlimited internet access, and hot water is available throughout the day, both in summer and winter. On each floor, there is a kitchenette where students can prepare coffee or tea for themselves or guests.

In addition to the above, the dormitory has separate prayer rooms for both male and female students to accommodate religious practices throughout the year, including the holy month of Ramadan.

ACCOMMODATION INFORMATION

DORRAH STUDENT DORM

 Mitra Trifunovića Uče Street, 75 000 Tuzla

 +387 (0) 35 210 190

 www.dorrah.ba

 kontakt@dorrah.ba

 Reception hours 00:00-24:00,
Administration hours 08:00-16:00

Dorrah Student Dorm offers students accommodation in modernly furnished rooms equipped with comfortable beds, individual study space, a bathroom with a shower, refrigerator, kettle, air conditioning, heating, and a high-security system.

Additionally, there is a restaurant called "En vie coffee and snack" offering a delicious range of meals with individual choices. The restaurant is open every day from 07:00 to 22:00, except for Sundays and holidays.

Apart from the restaurant and student rooms, there is a library with valuable book collections. Students have access to textbook literature as well as leisure reading material.

Within the dorm, there is a laundry room equipped with the latest Miele washing machines, ensuring quick laundry turnaround.

As part of its mission, this institution not only provides accommodation but also offers support to residents and other students. An educational program is available to motivate students to achieve better results in their studies.

PLACES TO VISIT

PLACES TO VISIT

The Pannonian Lakes

Pannonian lakes are artificial salt lakes in Tuzla. The complex consists of three lakes of different sizes and depths, and salty waterfalls. As part of the Pannonian Lakes complex, there is also the Neolithic settlement of Sojenica, sports fields and many other catering, cultural and entertainment facilities. All three lakes are located in the very center of Tuzla. The Pannonian lakes are unique examples of salt lakes in Europe, and they have healing properties thanks to the content of salt and other minerals.

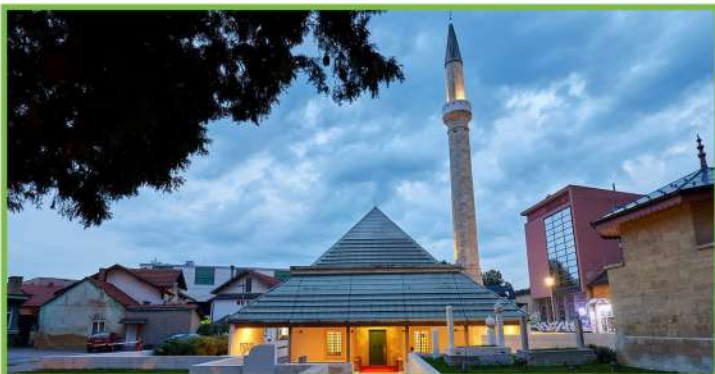

Meša and Ismet Statue

Meša Selimović and Ismet Mujezinović are the most famous people from Tuzla. The sculptures were designed by the Croatian sculptor Marija Ujević Galetović (1933), known for her interesting figures placed in an unconventional way in public space. It is not only about an excellent sculptural work, but about a life composition that, with its emphatically human note, represents a suggestive place for meetings.

Gazi Turali-begova Mosque (Turali-Bey)

Turali-beg's mosque is located in the very center of Tuzla. It was built in 1572 with funds from one of the founders of modern urban Tuzla, Gazi Turali-bey. It has been renovated and adapted several times, and the adaptation from 1878 is particularly interesting. The last adaptation was in 1967. The reopening of the restored Turali Bey Mosque took place on September 14, 2014.

The Square of Freedom

Tuzla completed its rich tourist offer with the opening of the reconstructed Freedom Square. It is the tenth square in the area of Tuzla municipality. Freedom Square is the largest square in Bosnia and Herzegovina, where there is a reconstructed Baroque building from the Austro-Hungarian period.

An archaeological site with very significant remains of archaeological material was discovered on the Square. The space is arranged for socializing and various events, and it is decorated with a central fountain with accompanying facilities. The central place on the Square is occupied by a large fountain, the outer walls of which are decorated with stećaks. However, these are not the only symbols of medieval Bosnia on Freedom Square.

PLACES TO VISIT

Cathedral of the Dormition of the Mother of God

The Church of the Assumption of the Blessed Virgin Mary, in the municipality of Tuzla, belongs to the Serbian Orthodox Church. The cathedral was built for eight years, from 1874 to 1882. The Commission for the Preservation of National Monuments, at the session held from July 3 to 9, 2007, made a decision to declare the church a national monument of Bosnia and Herzegovina.

Tušanj City Stadium

Tušanj Stadium is a multifunctional stadium in Tuzla. Currently, it is mostly used for playing football matches and it is the home stadium of FK Sloboda Tuzla. The stadium has a capacity of 15,000 spectators and is named after the part of the city where it is located. The stadium has floodlights that were built in 1979.

Central Park Tuzla

Tuzla is the city with the largest park areas in Bosnia and Herzegovina. The central city park is located in the pedestrian zone of the historic center of Tuzla. Visitors Monuments inspired by the Bosnian Middle Ages have been installed in the City Park, and the statue of the first Bosnian king, Tvrtko I Kotromanić, occupies the central place. A stone obelisk was also erected, on which the text of the Charter of Kulina Ban was written. The bridge provides a high-quality pedestrian connection between the Central City Park and the Pannonian Lakes complex

Peace Flame House

Association Peace Flame House organizes and performs activities in the facility Peace Flame House. "Fred foundation" from the Netherlands started the project in 1994 with philanthropic ideas and with assistance of sportsmen who took part in Winter Olympic Games in 1984 in Sarajevo, local community and many people of good will. This unique facility - Peace Flame House in Tuzla- is a great contribution to repatriation and development of culture in Bosnia and Herzegovina. In 2003 the Peace Flame House was constructed. Today the House is the home for associations which work and bring a message of peace and tolerance and which tend to widen the awareness of citizens about social needs through various workshops about social values, culture of living and education

PLACES TO VISIT

International Atelier “Ismet Mujezinović”

International Atelier “Ismet Mujezinović” is unique because one of the most significant artists, cultural workers and painters of Bosnia and Herzegovina lived and worked there. His family members granted his house and his atelier to the City. Atelier “Ismet Mujezinović” is a separate art workshop within the Gallery, which gathers artists from all over the world on the basis of an invitation of Art Council of the Gallery and on the principle of a public invitation through national art associations. This is the place where one organizes concerts, exhibitions, promotions of books, and the garden of the Atelier in the downtown is a place adequate for organization of many other events.

Salty Spa Complex

Pannonia Lakes Complex is adjacent to Salty Spa Complex for sports and relaxation, which is one of the widest and the best decorated central parks in Bosnia. Besides walking and jogging paths, this park includes tennis courts, a basketball court and a five-a-side football field and some memorials from the newest history of the City. In this park there are memorials to heroes and victims of the Second World War, to Patriotic Defence 1992- 1995 War veterans and civil victims of the war and to the youth of Tuzla who lost their lives on the Gate in 1995.

Zoo Bingo

Zoo Bingo is located next to Tuzla, 800 meters from Tuzla-Sarajevo highway. Within the Zoo there are a restaurant, playground, football terrain and walking paths and a little lake which gives a special charm to the ambient. For fans of sports and recreation, there is a football field and quad bikes. The attractive design of the indoor playroom and the proximity of outdoor entertainment facilities make this place the most desirable location for family gatherings and vacations, as well as organizing birthday parties.
