KOORDINACIONI URED U SARAJEVU

Broj : 35424956-013
Predmet : TEKNOFEST 2024

15.01.2024

Dear Sir/Madame,

Hosting the world's largest technology competitions, TEKNOFEST 2024 will feature competitions in 46 different categories and 117 subcategories this year. As TEKNOFEST continues to be the stage for the successful and self-confident projects of young people who endeavor to turn their dreams into reality and to be the best in its 7th year with technology competitions, €30 million will be awarded to the teams that compete in TEKNOFEST and qualify for the ranking.

TEKNOFEST 2024 will host 46 different technology competitions, including Rocket, Model Satellite, Artificial Intelligence in Health, Biotechnology Innovation, Digital Technologies in Industry, Flying Car Simulation, Educational Technologies, Robotaxi Full-Scale Autonomous Vehicle, Agricultural Technologies, Fighter UAV, and Chip Design Competition, among others. Differing from the 2023 technology competitions, TEKNOFEST 2024 will introduce new categories for applications, such as Wireless Communication Technologies, Blockchain, Air Defense Systems, Financial Technologies, Unmanned Surface Vehicle, Smart Wi-Fi Coverage, and TEKNOFEST Roboleague Competitions.

You can visit <https://www.teknofest.org/en/competitions/> to learn more about the competitions, which can be applied from primary school level to secondary school, high school, undergraduate, post-graduate and graduate level, all of which are designed in the pivotal fields of the future, and to make your application.

Application Deadline: 20 FEBRUARY!

WITH THE GOAL OF A TÜRKİYE THAT DEVELOPS TECHNOLOGY...

Best regards,

Erdinç IŞIK
Koordinator TIKA-e za BiH
